Imagine That! and Future Tech provides exciting hands on educational opportunities for children ages 3-14. We desire to help children develop a love for learning through our after school and summer camp programs based on science, technology, robotics, and art. We are currently looking for teachers that have a strong passion for what they do. We have part time positions available and summer camp opportunities! If you have experience working with children and passion for teaching, please submit your resume at fun@imaginethatfun.com!
